

The Kaleidoscope Collection

by General Glass International

The Kaleidoscope Collection

Whisper | B&W, Bamboo, Gilt, Cloud, Sunrise, Wave

General Glass International is proud to introduce [The Kaleidoscope Collection](#). Using Alice[®] direct to glass printing technology, this assortment of seven patterns allows for infinite versatility for interior and exterior applications. Inspired by the geometries of fractals; Whisper, Shard, Lucent, Orbit, Stria, Tangent and Coppice are [color and scale customizable](#), allowing each pattern to reveal a new context. Designed for cross-market appeal, GGI features The Kaleidoscope Collection in an array of colorways to inspire and expand your design offering.

To find out more about Alice and The Kaleidoscope Collection, visit us at alice-d2g.com, or email or call Alice directly at alice@generalglass.com or 800.431.2042, ext. 115.

GGI serves the architectural, design and glazing contracting communities with over 100 years of experience in the glass industry. We offer a full range of fabrication services and a wide array of glass products for exterior and interior glazing systems.
